Christchurch Angels

The aim is to support people in the Christchurch area who don't have a network of family or friends to give practical help and support in times of crisis or illness. It is the community helping the community where both recipient and donor benefit from the experience. It may be an older person who comes out of hospital and needs someone to help them rebuild their confidence in coping.... or any number of other scenarios'.

Contact Glenys Brown on christchurchangels@gmail.com

Helpful Neighbours

To join a team doing the little jobs around the house needed by our elderly clients, where and when it suits you, as little or as often as you want.

Check out Christchurchcommunitypartnership.org.uk for further information.
