### **SUPPORT AVAILABLE LOCALLY**

If you are worried about your health or prescriptions, please call your GP or your local pharmacy.

**BCP Council - Do you need support? BCP have a COVID-19 community response helpline, open 9am to 5pm Monday to Friday for people in vital need of food and essential items 0300 1237052 <https://www.bcpCouncil.gov.uk/Home.aspx>**

For general advice on COVID-19 please visit Public Health England <https://www.gov.uk/government/organisations/public-health-england>

If you would like to volunteer at this difficult time to help our vulnerable members of the community, please contact Community Action Network <http://www.bournemouthcvs.org.uk/>

Christchurch Community Partnership, The Amber Team at Christchurch Medical Practice and Dan Lucas, Town Clerk, Christchurch Town Council have put together a list that may be helpful to you at this difficult time. Information has been gathered from social media and by contacting local links and companies. It is not an exhaustive list, we have phoned all companies on the list to verify them.

There are many local businesses that are trying to find ways to adapt to the current situation. It is suggested that you also ask the local shops and services that you already use and trust if they are offering any delivery or collection services.

**Also, please be vigilant when using the internet or shopping online, Dorset Police have warned there is an increase cybercrime and fraud relating to Covid19, be careful when opening emails and if possible use a credit when purchasing goods as most major credit card providers insure online purchases.**

**Please ensure you get a price quoted over the phone before committing to anything.**

If you find you are unable to arrange your shopping or meals using this list or other resources, please contact the below services;

Changes to Dorset Health Care Services	NHS services in Dorset are making changes to help minimise the spread of COVID-19 (Coronavirus) and deal with any upturn in patient numbers caused by the outbreak. This involves reducing or closing some non-essential services to protect the most essential services and, ultimately, save lives. Here at Dorset HealthCare, we are cancelling some of our usual clinics, appointments and health support services.	<a href="https://www.dorsethealthcare.nhs.uk/coronavirus-1/changestodorsethealthcareservices">https://www.dorsethealthcare.nhs.uk/coronavirus-1/changestodorsethealthcareservices</a>
